The First International Conference on Models and Ontology-based Design of Protocols, Architectures and Services
MOPAS 2010
June 13-19, 2010 - Athens/Glyfada, Greece
http://www.iaria.org/conferences2010/MOPAS10.html

IARIA
www.iaria.org

Important deadlines:

Submission (full paper)	January 20, 2010
Notification	March 12, 2010
Registration	March 26, 2010
Camera ready	March 31, 2010

Tracks:

MOT: Models and Ontology-driven Technologies (for the communications system design)
MDA Model-Driven Architecture; MDE Model-Driven Engineering; MDD Model-Driven Development; CIM Computer Independent Models; PIM Platform Independent Models; PSM Platform Specific Models; ODA Ontology Driven Models; Global Models; Modeling methodologies; Fundamentals in theory; Multi-layered models; Models and Ontologies relationships; Multi-models coherences

MOCS: Models and Ontology-based Communications Services and Protocols
Semantics of Services and Service modeling; Protocol Models and Semantics; Services-to-Services mappings; Services-to-Protocols transformations and translations; Application and Quality of Experience Semantics; MAC Layer Services; Network Layer Services; Transport Layer Services; Middleware Services; Monitoring Services; Adaptive Services; Services and Protocols components; Services and Protocols implementations

MOCA: Models and Ontology-based Cross-layer Services and Architectures Design
Service Design for networks and communicating system architectures; Models and Ontologies based Architectures; Models and Ontologies based Software Frameworks; Composition of Services and Composability rules; Cross-layering services models, components and implementations; Autonomic communications; Multimedia and multicast communications; Delay-tolerant communications; Wireless sensor and ad hoc networks
